- The show is designed to be staged in theatres, museums, libraries, multipurpose halls, schools or alternative spaces. The set assembly is carried out at floor level, with no platform or stage required.
- The company can put on a maximum of three shows per day, with a minimum of 30 minutes between events from the time the audience leaves the venue.
- The show requires a rug or carpet that will provide a place to sit for the children in the audience, as well as 25 chairs to seat the adults in the audience during family events.
- It is essential that the chosen space allows for lighting to be dimmed to total darkness.
- The organizer of the event will be responsible for ensuring audience safety, access and visibility of the space where the event will be staged.
